

This free pattern can be used any way you like, to make as many masks as you like to keep, give away or sell

I do have a couple (completely optional) requests, however:

1. You can put this PDF directly on your webpage if you like, but if you do, please link back to my page
2. If someone admires your mask, share the pattern so they can make one too!
3. If you make a really cute mask (or just one you are particularly proud of), send me a picture!

When you print this, make sure you set 'page scaling' to off
For best results, please measure the 1" box after printing to make sure it printed exactly 1"

Enjoy!
